A hard working, honest and reliable person, with a wide range of skills, who is always willing to try something new.

## WORK EXPERIENCE

### Creative Designer

#### The Brick Box - November 2023 to Present

Short term project involving designing and developing a barn conversion into a themed environment with LEGO play and immersive lighting and audio, plus branding, graphic design, marketing and video editing.

- Designed logo and brand identity
- Design of theming and layout of physical building
- Building of barn theming, furniture and indoor structures
- Planning, creation and implementation of various events, marketing to locals and specific targeted relevant groups (Schools, Scouts, Brownies etc)
- Recording and editing of both long form and short content for Facebook, Instagram, YouTube, TikTok

### Designer / Ecommerce Specialist

#### CS Catering Equipment/Caffe Society – Aug 2018 to Nov 2023

Design and development and day to day management of multiple ecommerce websites. Product packaging design, launch and ongoing management of new Amazon shop and branded products.

- Day to day maintenance of 2 ecommerce websites
- Design and launch of range of Amazon coffee products
- Designed 2 Magento 2 website layouts to suit existing brand
- Bulk data and image processing techniques
- Ongoing Search Engine Optimisation
- Dealing with customers reviews and seeking resolutions

### Freelance Designer – November 2016 to August 2018

Worked with a range of businesses on their marketing strategies, websites and other design, print media, promotional and signage requirements.

- Design and creation of various websites for local businesses, including ecommerce websites and booking systems
- Design and implementation of marketing strategies
- Design of vehicle graphic wraps
- Design of business logos and brand identities for various local businesses
